

# The Official Newsletter of the Florida Water Well Administrator

Summer 2017

---

## HOW TO CHECK THE STATUS OF YOUR CE CREDITS

All licensed Water Well Contractors and those seeking licensure can view the status of their credits on the Florida Water Well Administrators Website, [www.flwwceu.org](http://www.flwwceu.org). Follow these steps to ensure your credits are listed properly:

1. Visit [www.flwwceu.org](http://www.flwwceu.org) and click on the CE Credits tab at the top.
2. Select the cycle you are currently obtaining credits for.
3. Credits are listed by water well contractors last name, alphabetically. You may also search for your last name in the search bar
4. If you do not see your name on the list and think you should have credits listed, it could possibly be because of the following reasons:
  - a) We do not have a copy of your certificate of attendance forms from the courses you completed
  - b) You did not pay the conversion fee of \$14 per credit hour
  - c) Your license went into the inactive status with the Water Management District (WMD) and although you have obtained CE credits and paid conversion fees, we need confirmation from the WMD to change your status back to Active.
  - d) You recently submitted your certificates and conversion fees and have not allowed ample time for processing; approximately 5-7 business days to update to the website.
5. If you went through the steps above and believe your credits are inaccurate or not currently listed on the website, please call the Administrator directly at 844-359-9238.

---

## DO YOU NEED TO REACTIVE YOUR LICENSE?

A license not renewed on or before July 31 of each odd numbered year shall automatically revert to INACTIVE STATUS (Chapter 62-531.360, F.A.C.). To renew your license and re-claim active status, please follow the steps below:

1. To receive CE credit, submit proof of course attendance (certificate of attendance) **IMMEDIATELY** and conversion payment (\$14 per credit hour) to the FWWA Office at 325 John Knox Road, Suite L-103, Tallahassee, FL 32303. Approved coursework for CE credits will not be processed without submittal of the conversion fees to the FWWA.
2. After the FWWA receives proof of course attendance and conversion payment, you will receive your Certificate of Completion. Submit the Certificate of Completion to your Water Management District with appropriate licensing renewal paperwork and late fee. **Your license will not be renewed until you send your Certificate of Completion, renewal application; renewal/late fees and any other appropriate paperwork to your Water Management District.**

Please call your water management district if you have any questions about the water well contractor licensure or license renewal process.

Summer 2017  
(Continued)

### THE NEXT RENEWAL CYCLE IS ALREADY IN FULL SWING *August 1, 2017 – July 31, 2019 (pursuant to rule 62-531.330(3), F.A.C)*

Don't wait until the last minute to accrue the required 12 CE credits you need to renew your license in 2019. Approved coursework is posted to the FWWA Website weekly. To view available courses, visit [www.flwwceu.org](http://www.flwwceu.org). As a reminder, a minimum of six (6) coursework hours must be in the rules/well construction category (R/R) and no more than six (6) coursework hours may be in the business/safety practices category (S/B). A maximum of three (3) coursework hours for CE credit may be obtained online.

**Important Update:** The Florida Ground Water Association is working with the Department of Environmental Protection to increase the online hours to 6. The rule is being revised and all licensed contractors will be notified once this change is effective.

For more information and details about the FWWA CE Courses and Rules, please visit [www.flwwceu.org](http://www.flwwceu.org).

### UPCOMING COURSEWORK

As of August 1, 2017, you may begin accruing CE credits towards the next renewal cycle; deadline July 31, 2019.
